

Ius Commune Conference 2020

Workshop: Liability and Insurance

Friday, 27 November (14.00 – 16.10)

Participants

The speakers are PhD students who have passed the initial stages, but still have to make some choices in their research. During the workshops, they present their research, thereby specifically addressing the academic and social relevance of the research and the main methodological challenges involved. After each presentation, 15 minutes are scheduled for questions and discussion, opened by the discussant, who responds to relevance and methodology.

Chairs: Dr. Ilja Tillema & Dr. Marnix Hebly (Erasmus University Rotterdam)

Discussants: Prof. Gijs van Dijck (Maastricht University) & Dr. Sébastien De Rey (KU Leuven)
