

PRACTICAL INFORMATION

Non Schengen Region

Please bear in mind that you need a valid passport or identification card. The UK does not belong to the Schengen Group, which implies that you have to pass the customs.

Money

For your information: the UK has not joined the Euro. You therefore need to take Sterling pounds with you or withdraw cash from the cash dispenser at the airport or in town.

* * * * *

Time

Edinburgh has a different time zone than The Netherlands and Belgium. It is 1 hour behind.

Electrical appliances

In the UK the electrical appliances (laptop, mobile phones, tablets, razor, hair dryer...) need to be adapted to another voltage. For that purpose you need a special plug, which you can also buy at the airport.
