Workshop: Judicial Protection and Law Enforcement Early Career Workshop

Thursday, 25 November (14.00 - 18.00)

Theme: Judicial Protection in the EU

This workshop is intended to help early career researchers gain valuable feedback and move forward in their projects. To that effect, researchers are invited to present their findings around the theme of Judicial protection in the EU and engage with an expert discussant as well as their peers. The workshop is organized in two panels. The first panel looks at the system of judicial protection in the EU and focusses on the multi-layered judicial architecture of the EU. Researchers will shed light on the interplay between different layers of adjudication in Europe. The second panel looks at using EU law for the purpose of judicial protection, specifically through strategic litigation. Researchers will provide both conceptual perspectives and analyses of case studies.
